

## *Now Hiring Life Safety Technicians*

**A federal work study position supporting the Office of Emergency Management and Office of the Fire Marshal**

Life Safety Technicians will learn to:

- Support emergency preparedness training, exercises, and responses.
- Analyze lessons learned from emergencies.
- Perform life-saving safety inspections for equipment and facilities.
- Develop and provide Stop the Bleed and fire extinguisher training.
- And much more!

Students eligible for Federal Work Study are encouraged to apply.  
No experience necessary.
